DETAILED ACTION

Information Disclosure Statement

The Examiner would like to note that the PTO-1449 forms have been received.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Trudeau (5,139,006).

The Examiner would like to particularly point out column 4 - line 8 through column 5 - line 52. The Rockwell hardness criteria is met and it is inherent that any type of steel can be "worked" to a degree of hardness (no other parameters are being considered).

Conclusion
